## BASICS Lightweight Solution

Rig Equipment Ltd is a leading manufacturer & solutions provider for specialist emergency services & defence professionals

The company has worked in collaboration with BASICS professionals to achieve a smart and functional corporate appearance for the BASICS uniform.

This solution works through wearing a layered system was considered more practical than the historic solutions that were found to be too hot when being deployed in more temperate times of the year. An all new lightweight two piece coverall in the distinct BASICS colour combination.

Large storage in the Napoleon style pockets and roomy cargo thigh pockets with a unique thigh board facility for note taking.

Please contact us for further information.

Designed with the professional end user in mind

Made in England
